AUTOPAY: The easiest way to handle premium payments

The smart alternative to writing and mailing your ADA insurance checks With Autopay, your ADA insurance premiums can be automatically transferred from your bank account in regular installments. Your payment will be received on time, every time, ensuring your valuable coverage stays in force.

Your Autopay withdrawals will begin with the first month of your next regular billing cycle. To arrange for withdrawals from different plans to come from different accounts, please use a separate copy of this form for each account.

Note: Changes to your age, coverage, or a Plan's Premium Credit will affect the amount of premium due in the month that the change takes effect. We will provide you with written notice of any new premium amount prior to your scheduled withdrawal date.
